Ex Trump Staffer Says He's "Insulted" Trump Is Only Suing Him For \$10 Million

ABC News — *A former top Trump political adviser being sued by Trump for \$10 million over allegations that he broke a confidentiality agreement by leaking confidential campaign information to the press says he's "insulted" that Trump isn't suing him for more.*

"If you write \$10 million, Mr. Trump, it's got to be \$100 million, 150," ex-staffer Sam Nunberg told ABC News' Jonathan Karl in jest during an interview on "Powerhouse Politics" at the GOP convention, adding that it doesn't make him "look that good" if "I can only cause \$10 million in damages."

Trump is seeking the damages in an arbitration proceeding in New York, according to Nunberg's affidavit, for backing Ted Cruz and over claims that he was the source of a leaked story to the New York Post about former campaign manager Corey Lewandowski.

I see what you're doing here Nunberg. The old reverse. You're saying EXACTLY what Trump would say. In fact that's the only reason I clicked on this story — I thought this was something Trump said before my mind arranged the words in the correct order. And to that effect it's smart and I would respect the hell out of it, if it weren't for this.

Sam Nunberg is a racist dweeb.

And he does that dumbass thing where people use their Facebook name as the opening subject of their statuses.

And a coward, pathetically [denying](#) he wrote these posts.

Nunberg denied he wrote the posts and said "anything that was posted under my name does not mean I posted it."

"I am not adept at social media," he told CNN on Friday. "I have a long record of working with diverse people. And anything you are reporting on does not reflect anything on Mr. Trump or Mr. Trump's campaign. I would also point out that all of these things were done before Mr. Trump's campaign, if I even did them — which I deny. In any event, this is the problem with politics ... Politics as usual is wrong."

And he backed Lyin' Ted.

So get out of here dweeb. You suck. Nice try with the Trump schtick. You'd have gotten much further if you weren't racist, such a dweeb, and if you were funny. But none of your ridiculously offensive Facebook posts about yourself were remotely funny. Pretty sure a \$10 million lawsuit is plllllenty to drown you in debt, stress, and emotional hardship for basically ever. When it comes to suing, Donald knows *exactly* what he's doing. Good luck.

PS – Hey Nunberg, be more of a nobody. You can't!
